Understanding these components provides a foundational context for grasping the significance of the semester end date.

NYU Spring Semester End Date: Typical Schedule and Variations

Standard End Date for the Spring Semester

The official conclusion of the NYU spring semester generally falls in the first week of May. For example, in the 2023-2024 academic year, the semester was scheduled to end around May 3rd or 4th. This date is carefully determined by the university's academic calendar committee, taking into account holidays, exam periods, and administrative considerations. Key Point: The precise end date varies each year, so students must consult the official academic calendar published annually on NYU's website for exact dates.
