Instead of generic names, using clear and relevant terms related to The Rock And The River By Kekla Magoon improves both SEO and user trust.

Hyphens should be used to separate words in file names, as they are more search-engine-friendly. Avoid unnecessary numbers or symbols that add no context or value to the document’s topic.

Title, metadata, and document properties

PDF metadata functions similarly to HTML meta tags. Title, author, subject, and keywords provide additional context to search engines. Setting a clear and relevant document title improves how The Rock

And The River By Kekla Magoon appears in search results and browser tabs.

Many PDFs are published with empty or default metadata, missing an opportunity for optimization. Updating document properties ensures that search engines receive accurate information about the content and purpose of the PDF.
