## Understanding Zero and First Conditionals: An Introduction

Before diving into exercises, it’s crucial to grasp the basic concepts of zero and first conditionals. Both are used to talk about conditions and results, but they

## What is the First Conditional?

The first conditional talks about real or possible future situations and their likely results. It’s used when the outcome depends on a specific condition being fulfilled in the future. Structure of First Conditional: - If + present simple, will + base verb Examples: - If it rains tomorrow, I will stay indoors. - If you study hard, you will pass the exam. - If she invites me, I will attend the party.
